

# Your best friend needs our best coverage. Give him the health plan he deserves.

Your dog isn't just a companion. More like a family member, always ready to lend an ear or an affectionate snuggle. At State Farm<sup>®</sup>, we understand how connected you feel, so we're teaming up with Trupanion to give your furry friend the health coverage they deserve. You can rest easy knowing your dog is covered.

**trupanion**<sup>™</sup>

Medical insurance for your pet.

## You'll love how easily it works.

Trupanion offers one simple plan. You pay a monthly premium in order to be covered for any unexpected illness or injuries throughout your pet's life. That means if your best friend gets sick or hurt, Trupanion will be there for you, **paying 90% of all eligible expenses**, once you meet your deductible.

## There are no payout limits. For life.

We know how much your best friend means to you. So if they need care, Trupanion won't impose payout limits. No payout limits means your coverage won't end, and the care your pet receives won't be limited, just because they're unlucky or develop a chronic condition.

As long as your pet is over 8 weeks old and under 14 years old, you can enroll them for lifelong coverage. Then, Trupanion's no-limits promise lasts through your pet's whole life. So you'll never have to choose between helping them get better, and worrying about what it may cost.

## Choose any vet. Trupanion pays them directly.

As long as they're treated by a licensed vet, your pet is covered wherever you choose to take them. Whether you visit your current veterinarian or an emergency or specialty hospital, you're covered anywhere in the U.S. And here's more good news. Trupanion will pay your vet directly, which could save you considerably on out-of-pocket costs.

## You choose your own deductible.

We know you want to protect your pet as well as your finances. So you can pick whichever deductible works best for your family budget. It can be anything from \$0 to \$1000. But whichever you choose, you're still covered for 90% of eligible medical expense after it's met.
